Paint Booth Facilities

Our paint shop is equipped with 2 BlowTherm Baking Booths with custom tint matching in our paint mixing and color match area.

We use only the highest quality paints and materials and offer a Lifetime Warranty on paint and labor for as long as you own the car.

With 4 frame and unibody machines we are able to bring your car back to factory specifications.

BlowTherm Paint Booths - Where great finishes start

We'll Take Care of That...

... are the five words you'll hear most often at ATC.

We build relationships by handling our customers and their cars with the respect and professionalism they deserve. We ensure that every collision repair is completed so that the "accident" becomes a positive experience.

Excellence

When we opened in 1984 our goal was to give our customers the finest service and repairs. With over 20,000 customers we have grown to over 16,000 square feet of the most advanced and high-tech facilities available.

In order to provide the highest quality service available, we take the time to evaluate each individual situation with our customers. Our technicians are some of the most highly trained collision and paint specialists in the industry. Their commitment to excellence ensures that your repair needs will be taken care of with a high degree of accuracy, enthusiasm and personalized attention.

State of the Art Facilities

Our modern facilities offer state of the art unibody auto repair thanks to our Car-O-Liner®, and Chief E-Z-Liner II® frame repair systems, a must for today's unibody automobile designs. Our BlowTherm downdraft paint booths offer the most up-to-date paint system available. This enables us to provide an original quality finish for your automobile.

Experience

We work in conjunction with several large dealerships in the local area, also as direct repairers for some of the largest quality insurance companies.

Our technicians average over 20-years experience and are I-Car Certified trained to bring your car back to pre-accident condition.

With your automobile being one of your largest investments, you need it repaired to the highest available standards.

Why ATC?

When you need a large or small repair and want to get your car fixed once and right the first time, ATC is your choice.
